1	Facility New OPD Attendance							ı											
2	Number of clients screened for HIV using HIV risk assessment form																		
3	Number of clients Eligible for HIV test (from HIV screening tool)																		
4	Number of individuals who received HIV Testing Services (HTS) and received their test results (GEN Pop - VCT, OPD)																		
5	Number of people tested HIV Positive & received results (GEN Pop - VCT, OPD)																		
6	Number of individuals who received HIV Testing Services (HTS) and received their test results (INPATIENT)																		
7	Number of people tested HIV Positive & received results (INPATIENT)																		
8	Number of individuals who received HIV Testing Services (HTS) and received their test results (<i>PMTCT - ANC + L&D + PNC</i>)																		
9	Number of people tested HIV Positive & received results (PMTCT - ANC + L&D + PNC)																		
10	Number of individuals who received HIV Testing Services (HTS) and received their test results (<i>TB</i>)																		
11	Number of people tested HIV Positive & received results (TB)																		
12	Number of adults and children newly enrolled on antiretroviral therapy (ART)																		
13	Index Testing Services Cascade		Т	1			1	T	1	1									
i	Index cases offered Index Couselling & Testing (ICT)																		
ii	Index cases accepted Index Couselling & Testing (ICT)																		
iii	Number of contacts (Partners) elicited																		
iv	Number of contacts (Biological children) enumerated																		
ν	Contacts tested: New positive																		
vi	Contacts tested: New negative																		
vii	Contacts identified as known positive																		
viii	Number of HIV-positive partners who were successfully enrolled in HIV care and treatment																		
ix	Number of HIV-positive biological children who were successfully enrolled in HIV care and treatment																		
14	Number of infants born to HIV positive mothers whose bloood samples were taken for DNA PCR test with 12 months of birth																		
15	Number of HIV PCR results received for babies whose samples were taken within 12 months that are positive																		

16	Number of HEI positive infants linked to care										
17	Number of adults and children currently receiving antiretroviral therapy (ART).										
18	Number of ART clients expected to attend the clinic appointment for ART refills										
19	Number of ART clients who kept to their ART refill appointment										
20	Number of ART clients who defaulted										
	Known dead										
	Undocumented patient transfer										
	Not reached (Client could not be contacted)										
-111	Not reached (cheft could not be contacted)										
iv	Reached and agreed to return to care										
ν	Returned on the next scheduled appointment										
21	Number of ART clients who came for ART refills - Unscheduled										
22	Number of Clients eligible for Viral Load test (Cumulative)										
23	Number of Viral Load samples sent (Cumulative)										
24	Number of Viral Load results received (Cumulative)										
25	Number of Viral Load results <1000 c/ml (Cumulative)										
26	Number of clients with unsurpressed VL result commenced on EAC (Cumulative)										
27	Number of VI years to receive a few alients that completed EAC (Computation)										
	Number of VL results received for clients that completed EAC (Cumulative) Number of VL results with suppressed viral load (< 1000 copies/ml) received for clients										
28	that completed EAC (Cumulative)										
29	Number of clients switched to another regimen line										
30	Number of Clients who were screened for TB (ART Clinic)										
31	Number of household contacts of registered TB patients screened for TB										
32	Number of Clients screened Positive (ART Clinic)										
33	Number of household contacts screened positive										
34	Number of ART patients eligible for IPT										
	Number of ART patients who started a course of TB preventive therapy (INH)										
	Number of ART patients who started a course of TB preventive therapy (INH) 6months prior and completed										
	Number of patients on MMD {Multi Month Dispensing} (<3 months) - DMOC (Cumulative)										
	Number of patients on MMD (Multi Month Dispensing) (3 - 5 months) - DMOC (Cumulative)										
		•	•			1	•	•			

_	Y		-	 -					
39	Number of patients on MMD (Multi Month Dispensing) (6 months) - DMOC (Cumulative)								
40	Number of patients on CARC {Community ARV Refill Club} - DMOC (Cumulative)								
41	Number of patients on CPARP {Community Pharmacy ARV Refill Program} - DMOC (Cumulative)								
42	Number of patients on CARGs (Community ART Refill Groups) - DMOC (Cumulative)								
43	Number of patients on Adolescents Refill Clubs - DMOC (Cumulative)								
44	Number of patients on Fast-track model - DMOC (Cumulative)								
45	Number of Adult Patients newly initiated on ART with TLD								
46	Number of Adult Patients currently on ART transitioned from AZT/3TC/NVP to TLD (Cumulative)								
47	Number of Adult Patients currently on ART transitioned from TDF/3TC/EFV to TLD (Cumulative)								
48	Total number of PLHIVs currently on TLD (Cumulative)								
	Number of discordant partners								
50	Number of discordant partners counseled and offered PrEP								
51	Number of discordant partners accepted PrEP Number of discordant partners newly enrolled on oral antiretroviral pre-exposure								
52	prophylaxis (PrEP)								
53	Total number of persons currently on oral antiretroviral pre-exposure prophylaxis (PrEP)								
54	Number of female PLHIVs who attended clinic and eligible for cervical cancer screening								
55	Number of female PLHIV who screened Negative for Cervical Cancer								
56	Number of female PLHIV who screened Positive for precancerous lesions of the Cervix								
	Number of female PLHIVs referred for treatment for precancerous lesions of the cervix.								
	Number of clients screened for IPV								
	Number of clients referred for IPV services								
60	HFR-GEND_NORM-GBV								
61	HFR-GEND_GBV								
62	HFR-GEND_GBV_SEXUAL POST RAPE CARE								
63	HFR-GEND_GBV_PHYSICAL and/or EMOTIONAL								
64	COVID-19 _ Number of PLHIV Eligible for ARV Refills (ARV_REFILL_ELIG) - Daily								
65	COVID-19 _ Number of PLHIV who received refills for <3 months (Daily)								
66	COVID-19 _ Number of PLHIV who received refills for 3 - 5 months (Daily)								

	1 1										
67 COVID-19 _ Number of PLHIV who received refills for 6 months and above (Daily)											
68 COVID-19 _ Number of 30-packs of ARV available (ARV_30) - Daily											
69 COVID-19 _ Number of 60-packs of ARV available (ARV_60) - Daily											
70 COVID-19 _ Number of 90-packs of ARV available (ARV_90) - Daily											
71 COVID-19 Number of 180-packs of ARV available (ARV_180) - Daily											
72 COVID-19 Number of persons eligible for PrEP Refills (PREP_REFILL_ELIG) - Daily											
73 COVID-19 Number of persons who received PrEP refills for 1 month - (Daily)											
74 COVID-19 _ Number of persons who received PrEP refills for 2 months - (Daily)											
75 COVID-19 Number of persons who received PrEP refills for 3 months (Daily)											
76 COVID-19 _ Number of PLHIV eligible for Viral-load test (VL_ELIG_SAMPLE) - Daily											
77 COVID-19 _ Number of PLHIV whose samples were taken (Daily)											
Number of ART patients with no clinical contact or ART drug pickup >28 days since their last e	xpected clini	cal contact	and were to	acked							
78 BTC _ Number of clients line listed as LTFU (>28 days) - FY20											
BTC _ Number of clients LTFU with only telephone number on record											
76 BTC _ Number of clients LTFU with only physical address on record											
BTC _ Number of clients LTFU with no registered telephone number or physical address											
BTC _ Number of clients LTFU contacted via telephone											
BTC _ Number of clients LTFU contacted via telephone scheduled to return to care											
80 BTC _ Number of clients LTFU contacted via telephone back to care or restarted on ART											
81 BTC _ Number of clients LTFU contacted via telephone stopped treatment											
82 BTC Number of clients LTFU contacted via telephone transferred out											
BTC _ Number of clients LTFU contacted via telephone relocated/migrated											
BTC _ Number of clients LTFU contacted via telephone that are declared dead											
BTC _ Number of clients LTFU contacted via telephone not reached											
BTC _ Number of clients LTFU contacted via physical address											
BTC _ Number of clients LTFU contacted via physical address scheduled to return to care											
BTC _ Number of clients LTFU contacted via physical address back to care or restarted on ART							 				
89 BTC _ Number of clients LTFU contacted via physical address stopped treatment											
			•	,	•	•	 ı	•			

90 BTC _ Number of clients LTFU contacted via physical address transferred out									
BTC _ Number of clients LTFU contacted via physical address relocated/migrated									
BTC _ Number of clients LTFU contacted via physical address that are declared dead									
BTC _ Number of clients LTFU contacted via physical address not reached									
Total number of clients not reached that are confirmed LTFU (Telephone & Physical address) - On treatment for < 3months									
Total number of clients not reached that are confirmed LTFU (Telephone & Physical address) - On treatment for > 3months
